

FAMILY AND CONSUMER SCIENCES

High School to College and Career Pathways

FAMILY AND CONSUMER SCIENCES

Family and Consumer Sciences Education helps prepare students for family life, work life, and careers in family and consumer sciences by providing opportunities to develop the knowledge, skills, attitudes, and behaviors needed through character development, creative and critical thinking, interpersonal communication, practical knowledge, and vocational preparation.

FOOD SCIENCE, DIETETICS, & NUTRITION

Workforce Trends

Dietitians and nutritionists held about 50,000 jobs in 2004. Employment of dietitians is expected to increase 18 to 26% for all occupations through 2014 as a result of increasing emphasis on disease prevention through improved dietary habits.

Get the Facts

Researchers don't know why, but people living in mountain states eat 30% more cookies than other people.

Beyond High School

There are a number of options for education and training beyond high school, depending on your career goals.

Sample Occupations

- > Dietetic Technician
- > Dietitian
- > FACS Teacher
- > Food/Drug Inspector
- > Food Scientists
- > Food Technologist
- > Medical Dietician
- > Nutritionist
